

**METHOD, SYSTEM AND PROGRAM PRODUCT FOR USING
OPEN MOBILE ALLIANCE (OMA) ALERTS TO SEND CLIENT
COMMANDS/REQUESTS TO AN OMA DM SERVER**

Abstract of the Invention

Under the present invention, there is provided a method, system and program product for using Open Mobile Alliance (OMA) Device Management (DM) alerts to send client commands/requests to an OMA DM server to initiate management actions on the OMA server. The method comprises: sending an OMA DM alert from a client device to an OMA DM server to initiate a management action on the OMA DM server; and in response to the OMA DM alert, sending a reply from the OMA DM server to the client device.
